# Package 'mapsPERU'

August 15, 2023

**Type** Package

**Title** Maps of Peru

**Version** 2.0.0

**Description** Information of the centroids and geographical limits of the regions, departments, provinces and districts of Peru.

**Depends** R (>= 3.5.0)

**License** GPL-3

**Encoding** UTF-8

**LazyData** true

**RoxygenNote** 7.2.3

**URL** https://github.com/musajajorge/mapsPERU

**Imports** tibble

**NeedsCompilation** no

**Author** Jorge L. C. Musaja [aut, cre]

**Maintainer** Jorge L. C. Musaja <musajajorge@gmail.com>

**Repository** CRAN

**Date/Publication** 2023-08-14 22:20:02 UTC

## R topics documented:

---

`map_DEP`                      *Geographic information of the departments of Peru*

---

### Description

Geographic information of the departments of Peru

### Usage

`map_DEP`

### Format

dataframe

**COD_DEPARTAMENTO**  chr Department code

**DEPARTAMENTO**  chr Department name

**coords_x**  dbl Longitude of the centroid of the department

**coords_y**  dbl Latitude of the centroid of the department

**geometry**  MULTIPOLYGON Geometric object

---

`map_DIST`                      *Geographic information of the districts of Peru*

---

### Description

Geographic information of the districts of Peru

### Usage

`map_DIST`

### Format

dataframe

**COD_REGION**  chr Region code

**COD_DEPARTAMENTO**  chr Department code

**COD_PROVINCIA**  chr Province code

**COD_DISTRITO**  chr District code

**REGION**  chr Region name

**DEPARTAMENTO**  chr Department name

**PROVINCIA**  chr Province name

**DISTRITO**  chr District name

**NOMBRE_CAPITAL_LEGAL**  chr Capital name

**REGION_NATURAL**  chr Natural region

**coords_x**  dbl Longitude of the centroid of the district

**coords_y**  dbl Latitude of the centroid of the district

**geometry**  MULTIPOLYGON Geometric object

---

map_PROV                    *Geographic information of the provinces of Peru*

---

### Description

Geographic information of the provinces of Peru

### Usage

    map_PROV

### Format

dataframe

**COD_REGION**  chr Region code

**COD_DEPARTAMENTO**  chr Department code

**COD_PROVINCIA**  chr Province code

**REGION**  chr Region name

**DEPARTAMENTO**  chr Department name

**PROVINCIA**  chr Province name

**coords_x**  dbl Longitude of the centroid of the province

**coords_y**  dbl Latitude of the centroid of the province

**geometry**  MULTIPOLYGON Geometric object

---

map_REG                                *Geographic information of the regions of Peru*

---

## Description

Geographic information of the regions of Peru

## Usage

```
map_REG
```

## Format

dataframe

**COD_REGION**  chr Region code

**REGION**  chr Region name

**coords_x**  dbl Longitude of the centroid of the region

**coords_y**  dbl Latitude of the centroid of the region

**geometry**  MULTIPOLYGON Geometric object
